ENTERPRISE BLOCKCHAIN AND AI APPLICATION SHOWCASE

The Enterprise Block Chain and AI Application Showcase through paper presentations brings together the best and brightest of minds with great passion in technology and from the enterprise block chain community to showcase ground reality in block chain application through the demonstration of used cases and applications.

The Enterprise Block Chain and AI Application Showcase is being held at the Bangalore Block Chain Summit 2019, hosted at the Alliance University, Bangalore.

Call for papers

The Enterprise Block Chain and AI Application Showcase acknowledges innovation and leadership in the transformation that block chain and AI is bringing to business, government and society. Winning this paper presentation series demonstrates to the community that you are uniquely committed to block chain and AI innovation.

Interested participants to submit their original papers in word document format to blockchainsummit@alliance.edu.in on or before **12 July 2019**.

The paper should include: title, keywords, the name(s) of the author(s), affiliation(s) and full mailing address(es), including e-mail id(s), contact numbers(s) and fax (if available).

The paper format: Single column, Times new Roman 12 font. Title is Times new Roman 16 Font, whereas the side headings in the paper may be Times new Roman 14 Font. Figures and tables are numbered suitably.

Topic of Presentation

The topic can be a choice of the participant however the presentation should include trending **blockchain and AI** used cases in business that addresses pressing global issues through these technologies. Additionally, it can also demonstrate the technical element of the technology like for example pure technical application that will help create the right knowledge on block chain and AI within the fraternity.

Eligibility

Any individual or company with an enterprise block chain strategy, initiative, or research background is eligible to enter the Enterprise Block chain and AI Application Showcase.

For companies: You may nominate your respective employee (s) to participate in the Enterprise Block Chain and AI application showcase.

Note: We will only encourage first hand work on any trending used cases of your choice in Block chain and AI with your own observation and analysis and should not reflect any confidential work / strategy of your or any other organizations what so ever without prior written permission which is to be send to the below email address.
